

Company description

Brookhaven Care is a supported living for adults with Autism and Mental health problems with challenging behaviours

Job description

We are currently recruiting for a Support Worker role for our new single person accommodation. We require full time support workers to provide high quality support for a young adult (female) with autism, mental health difficulties and behaviours that challenge.

We are looking for support staff with a bubbly personality, calm and proactive in nature. Having an interest in animals, experience with ASD, ADHD, Eating disorders and self harm will also be beneficial and an added advantage.

Brookhaven aims to provide a safe and supportive environment, which allows the service user the opportunity to develop skills confidence and promote their independence.

The support worker will be expected to support the service user with everyday activities such as shopping, doctors appointment and activities in the community. The role include shift work and an opportunity for sleep overs.

Training and support will be provided prior to supporting the service user.

Positions are subject to enhanced DBS disclosure and references.

Job Types: Full-time, Permanent

Salary: £9 - £12 per hour
